Vol. 56 No. 4 December 2018

## Contents

- 3 Editorial
- 5 Problem-based Learning in Basic Physics - XIII  
*A. K. Mody and H. C. Pradhan*
- 11 Assessment of Science Laboratory Experiments (Physics, Chemistry, and Biology) in Inculcating Science Process Skills at the Higher Secondary Level  
*Pramila Tanwar*
- 19 The Paris Agreement on Climate Change  
*Pushp Lata Verma*
- 26 The Simple Classroom Method to Demonstrate the Law of Conservation of Mass  
*Renu Parashar and R.K. Parashar*
- 29 Biological Disasters in present Perspectives  
*Archana*
- 38 Assessment of Students' Understanding of the Salt Hydrolysis: Misconceptions and Clarifications  
*M. S. Srimathi*
- 56 Computational Physics with Spreadsheet – III  
*Mahesh Shetty and A.K. Mody*

- 63 Analysis of In-service and Pre-service Teachers' Understanding of Some Concepts of Biotechnology in Biology Curriculum  
*Preeti Sharma, Avinash D and Sunita Farkya*
- 76 The Relationship between Psychological Stress due to the Socio-Economic Status (PSES) of Learners and their Achievement in Science  
*Akanksha Jain, Ruchi Shukla and Sunita Farkya*
- 94 Science News
- 113 Web Watch
